

Downtown Construction Activities

Proposed work activities for the week of April 11th, 2021

- The contractor at the Generals Bridge project will continue installing new rebar cages along the existing concrete wall at the MBTA tracks along Thomas Burgin Parkway.
- The contractor at the General Dunford Drive project will be raising frame and covers, installing groundcover plantings behind the serpentine bench, install new street signage, and preparing roadway for the final pavement course. In addition, the contractor will finish grading and hydroseeding the side slopes behind the new sidewalk. Temporary barriers remain in place on Hancock St for traffic re-alignment while the project is being constructed. Pedestrians should continue crossing the street at the crosswalk before this area.
- At the McConville Way project the contractor will continue construction of the north and south streetscape aside the new roadway. The streetscape work includes the continued installation of trees within the planter curbs, brick pavers, irrigation, and new concrete sidewalks. The contractor will begin installing brick pavers at the alleyway entrance between 1495 Hancock St and 1515 Hancock St buildings. The alleyway remains closed during construction. In addition, the contractor will be paving the entrance to the Messina Lot and Cliveden Place garage. At the future pocket parks, the contractor will continue installing park granite curbing, begin installing park pavers, install new park trees, install new waterproofing at park fountain, begin installing granite blocks at future water feature, install new irrigation hotbox, and begin installing flag poles. Lastly, the contractor will be reconstructing the entrance to the Massachusetts School of Barbering.
- The demolition of the 100 Parking Way building will begin this week. The contractor will be installing temporary fencing around the building during construction. There remains no parking along McConville Way and Parkingway.

(The photo on the above left shows crew installing new granite park curbing at the edge of the new planter bed and the photo on the above right shows the aerial view of the continued construction at the General Dunford Drive project.)
